ABOUT MYSELF

I live with William (my father) in Hinsdale, Illinois. John (my brother) is living in Carbondale, Illinois. Peg (my sister) and my nephew live in Massachusetts. I also have family in Florida, among other places.

I like to watch TV sitcoms and some of the newer dramas on various networks. I ride my bicycle (see photos) whenever I make short trips. I like to read about current events, science and technology. I also like music and graphic arts.

Those interested in my work history and related information, should go to my

[Work Information](#).

I am a degreed chemist, but I never got to use my skills professionally. My work history included retail sales, warehouse work, and janitorial services.

When I have items to post which interest me, they will appear below.
